

Muhammed Ashnad K

FP&A Analyst | Budgeting & Variance Analysis | M.Sc. Financial Economics | Ex-EY | Dubai

+971 562303121 · muhammedashnad@gmail.com · Dubai, UAE · linkedin.com/in/muhammed-ashnad-k

Professional Summary

Finance professional with M.Sc. Financial Economics and Big Four experience at Ernst & Young, seeking to contribute to NAFFCO's FP&A function as a Financial Planning & Analysis Analyst. I bring hands-on experience in monthly management reporting, budget-to-actual and year-on-year variance analysis, ERP implementation, and month-end close — with a track record of producing financial packs for executive stakeholders and building systematic finance controls in an active operational environment. Pursuing CMA (US).

Core Competencies

Financial Analysis & FP&A

Budgeting & Rolling Forecasts · Variance Analysis (Budget vs Actual, YoY) · Management Reporting & MIS · Cash Flow Analysis · KPI Tracking · Financial Modelling · Scenario Analysis · P&L Analysis

Technical Tools

Advanced Excel (Pivot Tables, VLOOKUP/XLOOKUP, Financial Models, Power Query) · Power BI (Dashboards, DAX) · Odoo ERP · Tally ERP · Microsoft PowerPoint

Accounting Foundation

Month-End Close · Account Reconciliation · AP/AR Management · ERP Implementation & Migration · Cost Monitoring · Audit Support

Professional Experience

Promotech Advertising — Dubai, UAE

Feb 2025 – Present

Accounts and Operations Executive

Financial Reporting & Analysis

- Prepare monthly management reports, dashboards, and performance packs for CEO review — analysing revenue, gross margin, and cost variances versus budget and prior year, with written commentary explaining key drivers and recommending corrective actions.
- Track departmental and operational expenditure against rolling budget targets; investigate material variances and escalate cost control issues with actionable recommendations to management.
- Run month-end close: account reconciliations, ledger reviews, pre/post-closing checks, and discrepancy clearance across all accounts before close date each month.
- Manage AP/AR across 475 active accounts — 319 suppliers and 156 clients; review Statements of Account, investigate discrepancies, and follow up on outstanding balances.
- Monitor cash position and support cash flow planning and supplier payment scheduling; process 1,000+ payment transactions per year with complete supporting documentation.
- Support IFRS-compliant annual audit (Kreston Menon Chartered Accountants) through organised, audit-ready documentation and timely issue resolution.

Finance Systems & ERP

- Led full ERP migration from Tally to Odoo: managed data validation, inventory database cleansing, master data review, and cross-team co-ordination from planning through go-live — building hands-on ERP implementation experience directly applicable to Oracle/Dynamics environments.
- Rebuilt finance documentation framework from scratch — standardised filing, record-keeping, and audit-trail processes; document retrieval reduced from days to minutes.

Ernst & Young (EY) — Bangalore, India

Nov 2023 – May 2024

Tax Analyst

- Conducted financial analysis and review of client financial statements, workpapers, and supporting records; identified discrepancies, investigated root causes, and coordinated resolution with stakeholders.
- Reconciled financial data across multiple sources (tax forms, client records, supporting schedules) — ensuring accuracy and consistency across reporting outputs.
- Analysed high volumes of financial data across multi-client engagements, applying structured investigation methodology to identify errors and inconsistencies.
- Prepared and reviewed client financial filings; maintained audit-ready documentation under strict reporting deadlines.
- Co-ordinated with EY U.S. teams across time zones to support timely delivery of financial reporting and documentation under strict deadlines.

Internship Experience

Ernst & Young (EY) — Bangalore, India

Jan – Apr 2023

US Tax Intern

- Reviewed financial documents and supporting schedules for accuracy and compliance; validated client statements and reconciled supporting data.
- Supported documentation and financial reporting workflows requiring strong analytical attention to detail and cross-team coordination.

Projects

Personal Financial Data Analytics System

2024 – Present

Independently built an end-to-end financial data pipeline: automated data ingestion, real-time processing, structured storage, and analytical reporting outputs — demonstrating strong quantitative and data analytics capability. Built entirely in Python.
