Accounts and Operations Executive

Commercial Reporting & Data Analysis

- Produce monthly management reports analysing revenue performance, gross margin trends, and cost variances — translating financial and operational data into clear, insightful reporting for CEO-level business decisions, with written commentary identifying key challenges, opportunities, and recommended actions.
- Deliver ad hoc data analysis and financial modelling to support day-to-day business planning — investigating performance variances, identifying patterns in commercial data, and presenting findings to stakeholders in structured, decision-ready formats.
- Track and evaluate commercial performance across 475 active accounts — 319 suppliers and 156 clients — monitoring revenue trends, sales performance patterns, and account-level variances to support commercial planning and business review processes.
- Support cross-functional stakeholders including management and finance partners by defining business reporting requirements, collecting relevant data, and delivering structured outputs aligned to business planning and performance monitoring cycles.

Finance Operations

- Run month-end close: account reconciliations, ledger reviews, pre/post-closing checks, and discrepancy clearance across all accounts before close date each month.
- Support IFRS-compliant annual audit (Kreston Menon Chartered Accountants) through organised, audit-ready documentation and timely stakeholder co-ordination.
- Led full ERP migration from Tally to Odoo — data validation, master data review, and cross-team co-ordination from planning through go-live.

Ernst & Young (EY) — Bangalore, India

Nov 2023 – May 2024

Tax Analyst

- Conducted financial analysis and review of client financial statements and supporting records across multi-client engagements — identifying discrepancies, investigating root causes, and coordinating resolution with internal and external stakeholders.
- Analysed high volumes of financial data applying structured methodology to identify errors and inconsistencies — developing disciplined analytical and reporting capability in a high-stakes, deadline-driven environment.
- Reconciled financial data across multiple sources ensuring accuracy and consistency across reporting outputs; prepared structured documentation under strict deadlines.

Internship Experience

BB Advisory — Bangalore, India

Jan 2023

Financial Analyst Intern

- Prepared financial analysis reports and valuation models for client engagements; conducted financial research and contributed to client-ready analytical deliverables.

US Tax Intern

- Reviewed financial documents and supporting schedules for accuracy and compliance; validated client statements and reconciled supporting data.
- Supported documentation and financial reporting workflows requiring strong analytical attention to detail and cross-team coordination.
