Professional Experience

Promotech Advertising — Dubai, UAE

Feb 2025 – Present

Accounts and Operations Executive

- Prepare monthly financial reports covering revenue, gross margin, and cost variances for CEO review; written commentary identifies key performance drivers and business trends.
- Manage financial data across 475 active accounts, investigating discrepancies, identifying patterns, and maintaining accuracy across all reporting inputs.

Ernst & Young (EY) — Bangalore, India

Nov 2023 – May 2024

Tax Analyst

- Conducted financial analysis and review of client financial statements, workpapers, and supporting records; identified discrepancies, investigated root causes, and coordinated resolution with stakeholders.
- Reconciled financial data across multiple sources (tax forms, client records, supporting schedules), ensuring accuracy and consistency across all reports.
- Analysed high volumes of financial data across multi-client engagements, identifying errors and inconsistencies through disciplined, structured review.

Internship Experience

BB Advisory — Bangalore, India

Jan 2023

Financial Analyst Intern

- Prepared financial analysis reports and valuation models for client engagements, supporting investment evaluation and structured financial review.
- Conducted financial research and competitive analysis, contributing to client-ready analytical deliverables on potential acquisition targets and investment opportunities.
- Supported portfolio reconciliations and compliance reviews, identifying risks, discrepancies, and value opportunities across client portfolios.

Ernst & Young (EY) — Bangalore, India

Jan – Apr 2023

US Tax Intern

- Reviewed financial documents and supporting schedules for accuracy and compliance; validated client statements and reconciled supporting data.
- Supported documentation and financial reporting workflows requiring strong analytical attention to detail and cross-team coordination.

Projects

Financial Data Analytics Platform

2024 – Present

Built an end-to-end financial data analytics platform: automated ingestion from live market data APIs, real-time data processing, structured storage, and analytical reporting outputs. Demonstrates portfolio performance monitoring, multi-source financial data integration, and quantitative analysis at scale. Built entirely in Python.

Education

M.Sc. Financial Economics

2021 – 2023

Manipal Academy of Higher Education · Manipal, India

BBA — Finance (Major)

2017 – 2020

St. Aloysius College · Mangalore, India
