Professional Summary

Finance professional with M.Sc. Financial Economics and Big Four experience at Ernst & Young, currently delivering commercial finance reporting, variance analysis, and management packs in the media and advertising sector at Promotech Advertising in Dubai. Background covers budgeting and reforecasting, month-end close including accruals and cost centre reviews, business partnering with commercial stakeholders to consolidate inputs and drive reforecasting cycles, and presenting findings directly to CEO and senior leadership. Pursuing CMA (US).

Core Competencies

Commercial Finance & FP&A

Management Reporting · Variance Analysis · Commercial Finance · Budgeting & Reforecasting · Financial Modelling · P&L Analysis · KPI Tracking · Scenario Analysis · Cash Flow Analysis

Technical Tools

Advanced Excel (Power Query, Pivot Tables, Financial Models) · Power BI (Dashboards, DAX) · Odoo ERP · Tally ERP · Microsoft PowerPoint

Accounting Foundation

Month-End Close · Accruals & Prepayments · Cost Centre Reviews · Account Reconciliation · ERP Implementation · Audit Support

Professional Experience

Promotech Advertising — Dubai, UAE

Feb 2025 – Present

Accounts and Operations Executive

Commercial Finance & Reporting

- Prepare monthly commercial finance reports and management packs for a media and advertising business covering revenue performance, gross margin analysis, and operating cost variance against budget and forecast; present written variance commentary and risk narrative directly to CEO and senior leadership.
- Partner with operational stakeholders across the business to gather financial inputs, challenge assumptions, and consolidate data for monthly reporting and reforecasting cycles.
- Produce account-level revenue performance analysis across 475+ active client accounts, tracking billing, collection risk, and revenue trends by account and service category.
- Support budgeting and quarterly reforecasting: maintain expenditure trackers, monitor actuals versus budget across cost categories, and flag material variances for management review.
- Run month-end close including accruals, prepayments, cost centre reviews, account reconciliations, and ledger clearance; all open items resolved before close date each month.
- Track and report commercial KPIs across accounts and cost categories, identifying risks, opportunities, and areas requiring corrective action for management review.

Finance Systems

- Led full ERP migration from Tally to Odoo: data validation, inventory cleansing, master data review, and cross-team co-ordination from planning through go-live; rebuilt finance documentation and reporting templates from scratch.
- Support IFRS-compliant annual audit (Kreston Menon Chartered Accountants) through audit-ready documentation and timely stakeholder co-ordination.

Ernst & Young (EY) — Bangalore, India

Nov 2023 – May 2024

Tax Analyst

- Conducted financial analysis and review of client financial statements, workpapers, and supporting records; identified discrepancies, investigated root causes, and coordinated resolution with stakeholders.
- Reconciled financial data across multiple sources (tax forms, client records, supporting schedules), ensuring accuracy and consistency across all reports.
- Analysed high volumes of financial data across multi-client engagements, identifying errors and inconsistencies through disciplined, structured review.
- Prepared and reviewed client financial filings; maintained audit-ready documentation under strict filing deadlines.
- Prepared structured financial analysis and reporting deliverables under strict deadlines, co-ordinating with EY U.S. teams across time zones to ensure accuracy and timely completion.

Internship Experience

BB Advisory — Bangalore, India

Jan 2023

Financial Analyst Intern

- Prepared financial analysis reports and valuation models for client engagements.
- Supported financial research and contributed to client-ready analytical deliverables.

Ernst & Young (EY) — Bangalore, India
US Tax Intern

Jan – Apr 2023

- Reviewed financial documents and supporting schedules for accuracy and compliance; validated client statements and reconciled supporting data.
- Supported documentation and financial reporting workflows requiring strong analytical attention to detail and cross-team coordination.

Projects

FP&A Financial Model (Excel)

In progress — 2026

Building a comprehensive driver-based financial model covering revenue forecasting, COGS and operating cost modelling, budgeting, variance analysis, and scenario modelling. Includes scenario and sensitivity analysis tabs demonstrating ROI and reforecast impact under varying assumptions. Designed to demonstrate the planning and analysis deliverables of a commercial finance function. Built in Excel using UAE retail sector financial data.

Financial Data Analytics Platform

2024 – Present

Built an end-to-end financial data pipeline: automated ingestion from multiple live market data APIs, real-time processing, structured data storage, and analytical reporting outputs. Built in Python.

Education

M.Sc. Financial Economics

2021 – 2023

Manipal Academy of Higher Education · Manipal, India

BBA — Finance (Major)

2017 – 2020

St. Aloysius College · Mangalore, India
