

Muhammed Ashnad K

FP&A Analyst | Budgeting & Variance Analysis | M.Sc. Financial Economics | Ex-EY | Dubai

+971 562303121 · muhammedashnad@gmail.com · Dubai, UAE · linkedin.com/in/muhammed-ashnad-k

Professional Summary

Finance professional with M.Sc. Financial Economics and Big Four (EY) experience, currently leading financial reporting, budget-to-actual variance analysis, and cost control for a commercial enterprise in Dubai. I prepare monthly management reports with written variance commentary, run month-end close, track departmental expenditure against rolling targets, and support ERP-driven finance operations — building the analytical foundation an FP&A function requires. Pursuing CMA (US).

Core Competencies

Financial Analysis & FP&A

Budgeting & Rolling Forecasts · Variance Analysis (Budget vs Actual, YoY) · Management Reporting & MIS · Cash Flow Analysis · KPI Tracking · Financial Modelling · Scenario Analysis · P&L Analysis

Technical Tools

Advanced Excel (Pivot Tables, VLOOKUP/XLOOKUP, Financial Models, Power Query) · Power BI (Dashboards, DAX) · Odoo ERP · Tally ERP · Microsoft PowerPoint

Accounting Foundation

Month-End Close · Account Reconciliation · AP/AR Management · ERP Implementation & Migration · Cost Monitoring · Audit Support

Professional Experience

Promotech Advertising — Dubai, UAE

Feb 2025 – Present

Accounts and Operations Executive

Financial Reporting & Analysis

- Prepare monthly management reports, dashboards, and performance packs for CEO review — analysing revenue, gross margin, and cost variances versus budget and prior year, with written commentary explaining key drivers and recommending corrective actions.
- Track departmental and operational expenditure against rolling budget targets; investigate material variances and escalate cost control issues with actionable recommendations to management.
- Run month-end close: account reconciliations, ledger reviews, pre/post-closing checks, and discrepancy clearance across all accounts before close date each month.
- Collect, validate, and consolidate financial and operational data from multiple business units and departments to support monthly reporting cycles — managing data accuracy and completeness across all inputs before each close.
- Monitor weekly cash position and prepare cash flow analysis for management review; support liquidity planning and prioritise supplier payment scheduling based on available funds and payment terms.
- Support IFRS-compliant annual audit (Kreston Menon Chartered Accountants) through organised, audit-ready documentation and timely issue resolution.

Finance Systems & ERP

- Led full ERP migration from Tally to Odoo: managed data validation, inventory database cleansing, master data review, and cross-team co-ordination from planning through go-live — building hands-on ERP implementation experience directly applicable to Oracle/Dynamics environments.
- Rebuilt finance documentation framework from scratch — standardised filing, record-keeping, and audit-trail processes; document retrieval reduced from days to minutes.

Ernst & Young (EY) — Bangalore, India

Nov 2023 – May 2024

Tax Analyst

- Conducted financial analysis and review of client financial statements, workpapers, and supporting records; identified discrepancies, investigated root causes, and coordinated resolution with stakeholders.
- Reconciled financial data across multiple sources — ensuring accuracy and consistency across all reporting outputs under strict deadline pressure.
- Analysed high volumes of financial data across multi-client engagements, applying structured investigation methodology to identify errors and inconsistencies.
- Produced structured financial analysis and reporting deliverables across multi-client engagements — developing disciplined analytical processes for data accuracy, deadline adherence, and financial controls.

Internship Experience

Ernst & Young (EY) — Bangalore, India

Jan – Apr 2023

US Tax Intern

- Reviewed financial documents and supporting schedules for accuracy and compliance; validated client statements and reconciled supporting data.
- Supported documentation and financial reporting workflows requiring strong analytical attention to detail and cross-team coordination.

Projects

Personal Financial Data Analytics System

2024 – Present

Building FP&A analytical portfolio in Advanced Excel and Power BI: budgeting and rolling forecast models, budget-vs-actual variance dashboards, and management reporting templates using real company financial data. Supporting financial data workflows with Python automation.
